## ABOUT

Owned by winemaker Charles Smith, ViNO wines are Italian inspired and Washington state produced. Charles produces all ViNO wines with the same integrity as they would be produced in Italy.

The brand consists of three wines: **ViNO Rosé**, **ViNO Pinot Grigio** and **ViNO Rosso** (Cabernet Sauvignon/Sangiovese blend). All wines are grown sustainably in the diverse vineyards and terroirs of Washington state. Our winemaking team natively ferments the wines with the yeast that exists naturally on the grapes. The wines are made with minimal intervention based on the belief that everyone should have access to honest, pure and flavorful wines.

In 2021, after ten years in the market, the ViNO brand launched a package redesign. The new colorful labels capture the flavor profile of each wine and the importance of the varietal in the bottle. Each wine conveys its own character, voice and emotion and communicates what to expect – delicious wine.

ViNO takes the lead in Italian expression of American winemaking. The brand is dedicated to one sole purpose: **Bring the most delicious wine to the consumer at the best price. Satisfy for everyday and for any table.**
